Dear ,

Hello, I am interested in a 3 day internship at your company, and I believe I will be able to offer great skills like an understanding of Chinese and English, computer literacy, a knowledge of history, as well as an interest and preliminary understanding of economics and politics.

During recent years, as I have stated hitherto, I have developed a growing interest in economics and politics in addition to a previous interest in history. Thus, the opportunity of an internship is extremely important to me, as a method to enhance my knowledge of economics and politics. Though  differs from western investment banks like Goldman Sachs, JP. Morgan, etc. is still a major cornerstone of the Chinese economy, which, by GDP, is the second largest economy in the world.

The , abbreviated as , is the largest of the big four banks in China by total assets, focusing on foreign exchange as well as supplying funds for urban areas and manufacturing sectors in China. Overall, it is a prestige being offered an internship at such a grand institution, I thank you for your consideration.
